Tecolote Tennis? (ground level shots!)

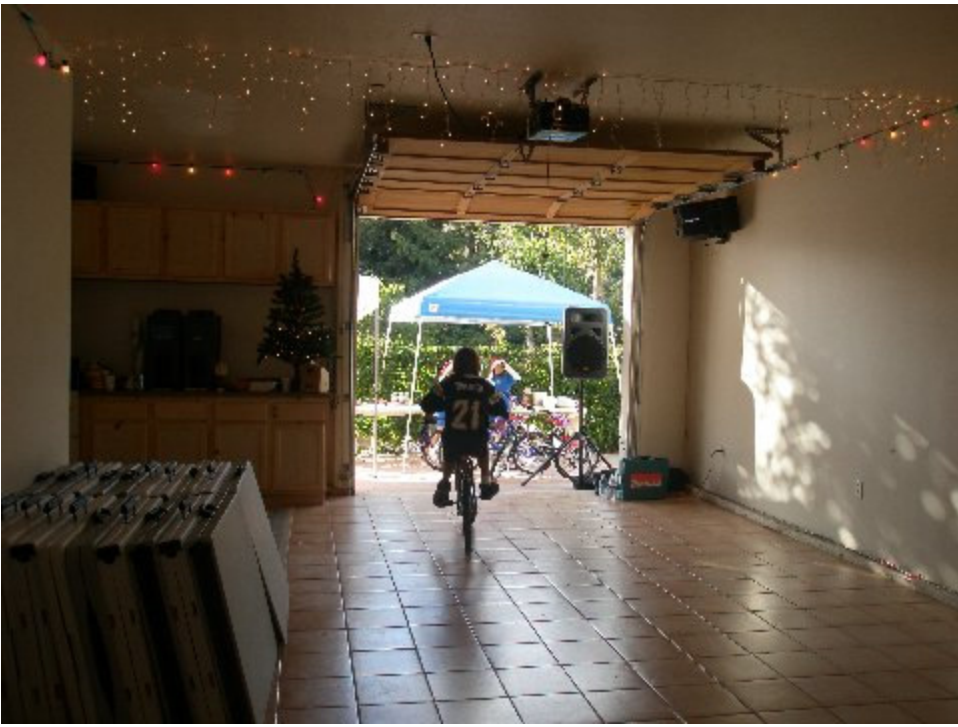

By Kate G.

Lou Ventura gathered his friends, neighbors and other big hearted volunteers for the now annual "Kids and Bikes" assembly party. The non profit organization, established by Lou, gathers donations through the year to buy brand new bicycles for donation to Unity Shoppe and other charitable organizations serving struggling families at the holiday time. The vendors donate the bikes at cost and the volunteers donate their time and sweat equity. Last Saturday over 550 bikes were assembled in record time at Lou's home. These are just a glimpse of the event. Go to kidsnbikes.org to get involved and see more of the fun!
